Department of Gene Bank

1. circular

invites you to

the 2nd International Seminar

**Monitoring, collection and conservation of landraces and wild
plant genetic resources, in situ, on farm**

held in CRI Auditorium, Prague
3.12.2008

Call for papers: oral and posters in these topics:

I. Collecting and monitoring of LR and CWR

II. In situ conservation

III. On farm conservation

IV. Characterization and evaluation

V. Documentation

The conference language: English.

Presentation form: oral, 15 minutes plus up to 5 min for discussion, or poster.

Organizational committee will confirm accepting of your presentation by placing it to the programme on the web or suggesting making a poster, when the block is full. The presentation does not need to copy of the text for publication, but it should rather bring interesting news and results for audience, furnished with pictures.

Programme:

3.12. 2008

8:30 Registration and morning coffee

9:00-17:00 Oral presentations and poster sessions

17:00- 17:30 General discussion

4. 12. 2008 optional programme

8:30-10:00 excursion to the Czech Gene Bank

Deadlines:

31.7. expression of interest and early registration, **fill in the return flyer**, write participant name, institution, your contribution and mark your preference: oral or poster.

30.9. registration, **fill in the return flyer**, suggested submission of full text of presentations

31.10. late registration, with a lower chance to deliver oral presentation, suggested submission of full text of presentations

3.12 seminar, final deadline for submission of presentations.

Publication: No book of abstracts. Proceedings reviewed by specialists will be published after the seminar, in January/February 2009. Therefore, please, submit your contributions soon, during summer, in order we have time to request manuscript reviews. The contribution should have a structure of scientific work (up to 5 pages) or a review (1-4 pages) or a short communication (one page).

Conference fee: CZK 800,- (for printing and refreshments). It is possible to pay by bank transfer to the CRI account or in cash before the conference.

Additional info, list of participants, list of contributions, time programme etc. will be soon available at web page of Czech Gene Bank, CRI, Prague (www.vurv.cz). Further details will be also in the second circular.

The seminar is based on following projects:

- Conservation of plant biodiversity in the system of sustainable agriculture and landscaping
- projects of mutual cooperation with neighbour countries, mainly Slovakia, Slovenia, Poland and Austria on collecting and conservation of LR and CWR
- National programme of PGR conservation and use
