

**We are very pleased to announce our
ONE MONTH SPECIAL STUDENT OFFER
from October 10th until November 10th,
so don't miss this chance and register online now!!**

All students (with a valid student ID) pay only **200,- EUR instead of 250,- EUR** for one conference and 400,- EUR instead of 450,- EUR for our multi-conference offer.

REGISTER ONLINE for the following conferences:

- [Molecular Ecology](#)
(www.events.mondial.at/ei/getdemo.ei?id=671&s= 2MO0KT403)
- [Molecular Mapping & Marker Assisted Selection](#)
(www.events.mondial.at/ei/getdemo.ei?id=671&s= 2MO0KT403)
- [Plant Growth, Nutrition & Environment Interactions](#)
(www.events.mondial.at/ei/getdemo.ei?id=672&s= 2MO0LUY80)
- [Plant Abiotic Stress Tolerance II](#) (www.events.mondial.at/ei/getdemo.ei?id=672&s= 2MO0LUY80)

Dear Colleagues,

Vienna is the capital of Austria located in the heart of Europe on the banks of the Danube river, and considered as one of the three most important economic, cultural and touristic large cities of central Europe: besides Budapest and Prague. Apart from providing top science the Conference will capture the spirit of the city thanks to the central location of the venue offering a multitude of cultural events.

Approximately 300 - 350 participants and almost 40 speakers are expected per conference as well as many oral and poster presentations selected from abstracts. The conference webpages offer additional information on the city of Vienna, travel arrangements, the conference venue, registration and accommodation.

Thanks to our special multi-conference structure, you have the chance to visit TWO conferences in ONE week for a special rate:

VIPCA I: Molecular Ecology + Molecular Mapping & Marker Assisted Selection

VIPCA II: Plant Growth, Nutrition & Environment Interactions + Plant Abiotic Stress Tolerance II

Details of the Conferences:

Please click [HERE](#) for the official Vienna Bio-Conferences [LEAFLET!!](#)
(www.vipca.at/VIPCA-leaflet.html)

VENUE: Lecture Hall A, VetMed University, Veterinärplatz 1, 1210 Vienna

MOLECULAR ECOLOGY

February 4 – 7, 2012

Abstract submission deadline: November 3, 2011

Early bird registration deadline: November 10, 2011

Homepage: <http://www.vipca.at/MOLECOL/>

Conference organisers: me2012@vipca.at

MOLECULAR MAPPING & MARKER ASSISTED SELECTION

February 8 – 11, 2012

Abstract submission deadline: November 3, 2011

Early bird registration deadline: November 10, 2011

Homepage: <http://www.vipca.at/MAS12/>

Conference Organisers: [mmas2012@vipca.at](mailto:mmmas2012@vipca.at)

PLANT GROWTH, NUTRITION & ENVIRONMENT INTERACTIONS

February 18 – 21, 2012

Abstract submission deadline: November 17, 2011

Early bird registration deadline: November 24, 2011

Homepage: <http://www.vipca.at/PLAGRONUT/>

Conference organisers: pgnei2011@vipca.at

PLANT ABIOTIC STRESS TOLERANCE II

February 22 – 25, 2012

Abstract submission deadline: November 17, 2011

Early bird registration deadline: November 24, 2011

Homepage: <http://www.vipca.at/PAST12/>

Conference organisers: past2012@vipca.at

CONFERENCE TOPICS AND SPEAKERS:

'Molecular Ecology' will cover the following topics:

- Population and Landscape Genetics
- Molecular Tools in Ecology
- Genetic Analysis of Populations
- Genetic Variation and Diversity
- Molecular Evolution
- Phylogenetics and Phylogeography
- Molecular Approaches to Behavioral Ecology
- Conservation Genetics & Genomics
- Applied Molecular Ecology

Amongst the invited speakers are internationally known names such as A. Widmer, N. Stewart, D. Tautz, J. Hickerson, A. Eyre-Walker, O. Savolainen, D. Pontier, J.C. Glaszmann, N.J. Ouborg, P. Taberlet, B.K. Epperson, T. Städler, J. Ross-Ibarra, K.D. Whitney, K.F. Müller, J.R. Panell, M. Lascoux, H.P. Linder, B. Haubold and others.

**For any questions please contact Mondial me2011@mondial-congress.com
or the conference organizers me2012@vipca.at**

'Molecular Mapping & Marker Assisted Selection' will cover the following topics:

- Plant Genome Organization and Analysis
- Genome Based Mapping
- Quantitative Trait Loci
- Molecular Markers
- Marker Assisted Selection/Breeding
- Reverse Genetics & Mutants Technologies
- Emerging Technologies: ZFN& Gene Targeting

Amongst the invited speakers are internationally known names such as J.L. Jannink, D. Kliebenstein, J. Snape, N. Jones, H. Bürstmayr, A.H. Paterson, J. Saez-Vasquez, R. Waugh, J. Salse, J. van Dongen, M. Steinfath, E. Paux, C. Feuillet, S. Xu, B.D. Kim, N.A. Tinker, M. Matsui, B. Usadel, J.R. Russell and others.

**For any questions please contact Mondial [mmas2012@mondial-congress.com](mailto:mmmas2012@mondial-congress.com)
or the conference organizers [mmas2012@vipca.at](mailto:mmmas2012@vipca.at)**

'Plant Growth, Nutrition & Environment Interactions' will cover the following topics:

- Signalling in Plant Growth and Development
- Hormones in Plant Growth and Development
- Environmental Regulation of Plant Growth & Development
- Plant Nutrition: Physiology and Mechanism
- Plant Nutrition: Symbiotic Interactions
- Plant Nutrition: Acquisition, Homeostasis
- Plant Nutrition: Crop Quality/Productivity
- Management of Plant Nutrition/Fertilizers
- Management of Heavy Metals in Plants and Soil
- Plant - Environment Interactions

Amongst the invited speakers are internationally known names such as S. Schubert, H. Rennenberg, M. Stitt, K.H. Mühling, N. von Wirén, A.J. Bloom, A. Amtmann, W.J. Horst, W.W. Wenzel, S. Weise, G. Krouk, F. Martin, Z.Y. Wang, A.T. Classen, Y.F. Tsay, G. Vert, J.C. Davidian, I. Kovalchuk, M.J. Crabbe and others.

**For any questions please contact Mondial pgnei2012@mondial-congress.com
or the conference organizers pgnei2012@vipca.at**

'Plant Abiotic Stress Tolerance II' will cover the following topics:

- Plant Response to Cold and Heat Stresses
- Plant Response to Drought, Salt and Osmotic Stresses
- Plant Response to Oxidative Stress
- Plant Response to Nutrient and Flooding Stresses
- Signal Transduction of Stress Tolerance
- Functional Genomics of Abiotic Stress Tolerance

- Modelling and Systems Biology of Abiotic Stress Tolerance
- Breeding & Biotechnology of Abiotic Stress Tolerance
- Plant Abiotic Stress Signaling

Amongst the invited speakers are internationally known names such as H. Hirt, J-K. Zhu, R. Bressan, J. M. Pardo, J. Zhu, M. Uemura, R. Munns, D. Goldack, R. Mittler, Zh. Gong, K.J. Dietz, M. Tester, N. G. Halford, M. B. Jackson, D. Liu, R. Tuberosa, R. Hedrich, M. Teige, S. Komatsu, J. R. Witcombe, O. Loudet and others.

**For any questions please contact Mondial past2012@mondial-congress.com
or the conference organizers past2012@vipca.at**
